

## ADVENTURE for BREAKFAST

Hey folks! Summer has finally arrived and our family here at Little Beach Resort and Coastal Knights Kayaking thought what better way to kick off a new season than giving back to the community that has served us so well. That's why from June - September 30, 2% of all adventure tour proceeds will go towards promoting our local Ucluelet Elementary School's Breakfast Program. This gives all the children the opportunity to have a healthy, nutritious meal in the morning to kick off a full day of learning. It's a great concept and you can contribute by simply choosing from one of our tours that is right for you. With the help of our local adventure partners at Relic Surf and Subtidal Adventures, we now offer something for everyone. **Are you hungry for adventure?**
